July 10, 2018

Dear Parents,

As we embark on an exciting new school year, we are always looking for ways to enhance the education of our students as well as assist parents in their beginning of the school year preparations. Because of this, the Pickens County School System is pleased to announce for the upcoming school year, our schools will provide the classroom supplies that your child will need to complete his/her school work. While consumables such as paper, pencils, hand sanitizer, etc. will be provided by the school, parents are free to purchase additional items such as backpacks, lunchboxes, etc. if they choose.

We are looking forward to a positive year filled with many educational experiences for each and every student enrolled with us. We hope that providing students with the supplies they need will help accomplish this goal.

Dr. Carlton Wilson
Superintendent of Pickens County School System
