## **Harmony Buses Delivering Meals to Students**

*School Nutrition and Transportation collaborate to meet the needs of families*

We have all of the details worked out and are proud to announce that Harmony Elementary buses will be rolling to bring meals to student homes starting TOMORROW, Thursday, 10/15/2020! We will also continue to provide curbside service at the school each day.

The details:

- HES regular buses will be leaving the school at 10:15 each day; We do not have specific stop times. **The stops will be made according to the morning drop-off route**
- Buses will stop at every assigned stop location where students would normally get on the bus;
- Children/Parents/Guardians can come to the stop to get meals: Children do NOT have to be present to get meals.
- Meals are available to children ages 0 to 18, free of charge.
- Curbside service at the school will be available from 11:00 until 11:30.

We appreciate our bus drivers and food service staff working together to provide this service to our HES families during this time.
